

# PEASE ANG BASE FIRE STATION

## NEWINGTON, NEW HAMPSHIRE

**SFC Engineering Partnership, Inc. (SFC)** was selected to provide Civil and Fire Protection Engineering services for the Pease Air National Guard Base Fire Station located in Newington, NH. The new fire station at Pease International Tradeport is a facility housing functions for both emergency response apparatus and personnel. The station is responsible for responding to fires and emergencies on base as well as crash and rescue operations for the airport.

**SFC** provided pre-design field checks and reviews of existing and proposed plans for the new fire station. Life safety code reviews were conducted and reported on. Additionally, SFC supplied automatic sprinkler system and fire alarm system design, specifications and drawings. Work also included site visits and inspections, as well as construction layout services.
