

# THE VILLAGE AT RUSSELL FARM METHUEN, MASSACHUSETTS

**SFC Engineering Partnership, Inc., (SFC)** was chosen to survey, engineer and permit this multi phased, mixed use project in Methuen, MA. Located on twenty-two acres, the property includes 3,600 feet of roadways, 60 attached condominium units, 120 garden style condos, one 27,000 square foot commercial building and one 12,000 square foot commercial building.

**SFC** worked closely with the developer to plan and permit this project. Permits were prepared and submitted then approved by the City of Methuen, MA Highway, MEPA, several departments at MA DEP and by the EPA.
