

# WENTWORTH BY THE SEA

NEW CASTLE, NEW HAMPSHIRE

**SFC Engineering Partnership, Inc., (SFC)** was retained by the Town of New Castle to serve as the Town's Building Inspector for the entire renovation and construction of the new Wentworth By The Sea, a 100 year old grand hotel and resort. **SFC** provided general engineering and consulting services for the Town of New Castle. Work included building plan review for issuance of permits, assessment of the performance of the building, site inspections to ensure code compliance, town water supply analysis, overseeing the installation of new site utilities, and construction oversight of new driveways and parking lots.
